

SALES OPPORTUNITY!

Planit Solutions, Inc., an Equal Opportunity Employer and Global Developer of CAD/CAM software, is seeking a Regional Sales Manager for our Radan division. This person will work within a geographic territory to establish, develop and maintain business relationships with new and existing customers.

The successful candidate will possess a Manufacturing background and have experience with software or related machinery/tooling sales. CAD/CAM software sales experience is a plus. Additionally, excellent organizational and communication skills are necessary. A technical school degree and/or engineering degree is preferred. Regional and occasional corporate travel required.

We offer a lucrative compensation package that includes a base salary + commission, health, dental, and vision insurance and a generous 401(k) plan.

If you are a professional/career minded individual, with the above desired qualifications, and would like to build your career with an industry leader, please email your resume (include salary requirement) to jobs@planitsolutions.com. Please include "**Radansales**" in the reference line of your email.
