

Estimator-Metal Stamping

Tempco Manufacturing is a leader in the metal fabrication and metal stamping industry.

Currently, we are seeking an experienced full-time Estimator who possesses recent experience in the metal stamping industry. This position is daytime, Mon-Fri but the incumbent should be flexible in working extended hours as needed.

Required Skills and Experience-

*MUST have five (5) + years as an estimator with extensive knowledge of metals and machining, welding and sheet metal manufacturing techniques with parts varying from simple to complex. Strong ability to read and understand prints from multiple sources and formats.

*Solid experience with geometric tolerances and close tolerance manufacturing processes.

*Solid computer skills utilizing a variety of programs.

*Detail oriented, used to working in a fast paced environment and have excellent written and oral communication skills both internally and externally.
