

Press/Punch Set-Up

Tempco Manufacturing is a leader in the metal fabrication and metal stamping industry.

Currently, we are seeking experienced full-time set-up individuals for both press brakes and punch presses.

Required Skills and Experience-

*MUST have three (3) plus years RECENT experience in metal stamping with a solid understanding of its processes.

*MUST be a self starter, demonstrate initiative and be an immediate contributor to the team.

*Must be able to read and understand prints that may come in a variety of formats.

*Ability to effectively communicate within the department and other departments.

*Detailed oriented, used to working in a fast paced environment, and have the ability to adapt as department needs dictate.
